Application for employment as IT staff member.

Ladies and Gentlemen,

Your offer interests me. My expertise and knowledge you can see from the attached profile or full view at my web-site <http://juergen.sydor.de>.

Further to the last major project at the German pension insurance here a short presentation of my duties:

- Provision of Citrix server software for three farms with a total of about 50 Windows servers and more than 1,000 client devices.
- Automated, script-installation via the network, starting with a specially developed startup disk.
- Participation in the initial deployment on Windows NT 4.0 Terminal Server Edition with Citrix Metaframe 1.8.
- Administrative support and development of the Citrix farms including testing and documentation.
- Migration to Windows (Terminal) Server 2003 with Citrix Metaframe XPe FR3.
- Preparation of Migration to Citrix Presentation Server 4.0.

Yours sincerely
